Morning comes to Manchester High School
--tranquil--peaceful--quiet.
Then, suddenly, MHS becomes a bustling world as the students arrive.

The day ends and once again Manchester High School is tranquil, peaceful, and quiet.

This is part of what goes together to make up MHS. The good times and bad--the wins and losses--the joys and heartaches--the things held forever in the memory of Manchester. The Crest, this year, hopes to give a representation of the happenings

Within Our World

Floats, Queen, Football, and Dancing

The 1965 MHS school year started off in great style with the colorful and exciting Homecoming events. The parade, following its route through the town, consisted of band, Squirettes, seven floats, and the Queen Candidates. Keeping with tradition, the Seniors took possession of the float trophy.

Under the bright lights of the Kenapocomoco field, the Squires began battling Rochester's Zebras. At the half, the candidates were escorted on the field and the excitement mounted as the four finalists were announced. Then retiring Queen Cheryl crowned Queen Janet. The game resumed and the Squires presented MHS fans with a Homecoming Victory.

The annual Homecoming dance took place later that evening. MHS alumni and students kept pace to the music of the Kastaways in the colorfully decorated cafetorium.

Manchester Capers—1966

Maria captures the children's hearts through music.

The spotlight beams upon Maria, as her clear voice proclaims the theme of Act I in a song--"The Sound of Music." The audience meets the von Trapp family and passes with them through the adventures that traverse their lives.

Act II comes alive with student talent. "Rhapsody In Rhythm" reveals a telephone scene from Bye Bye Birdie by the talkative Sophs. "Alley Cat" brings in the beat of the back streets. Claudia's Combo and The Idol Five advocate modern pop tunes. A romantic atmosphere prevails as the Magical Four, the Frosh Dozen, and the New Generation express the moods of love. Humor closes the show when the Ivory Ticklers, Inc. compose their own version of "Never On Sunday." Where's the rhythm? At Manchester!

How do you solve a problem like Maria?

The Baroness almost traps Von Trapp!

Act II features "The Telephone Song".

Mother Superior and Maria sing "My Favorite Things."

Thespians Present Two Hits

"Cindy", the Thespian Troupe's fall production, was an ultra-modern take-off on the fairy tale, "Cinderella." Becky Poston, Karl Schrock, and Dale Bowman, were the starring performers in the musical. The set was simple and required few changes between scenes. Orange, pink, and lavender were the dominating colors.

The spring production, "Rumpelstiltskin," was the Thespian's first effort in children's theatre. Bruce Chapman portrayed Rumpelstiltskin, and Debbie Waas performed as the miller's daughter. The set consisted of the King's Court and Rumpelstiltskin's home at the edge of the world. A special Saturday afternoon matinee was presented for children.

Dining and Dancing Under the Stars

1965 Sunshine Queen Janet Marsh bestowed the '66 honors on Miss Jill Krieg.

SUNSHINE QUEEN CANDIDATES: Left to Right, Freshman Sue Kreider with escort Phil Kafoure, Junior Julie Wilson with escort Lynn Dean Gilchrist, Senior Jill Krieg with escort Dale Bowman, '65 Queen Janet Marsh with escort Tom Roth, Sophomore Linda Haupert with escort Gary Runkel.

And a good time was had by all!

The annual Sunshine Prom was held in February, under the theme "Stardust." The girls and their escorts entered through an arch into the gym, which was beautifully transformed for dining by colorful and glittering decorations. After the Queen and her court were presented, everyone danced to the live music of the "Idle Minds" on the stage decorated with swirling stars and a revolving, mirrored ball.

Enjoying Old and Romantic Customs

"Happy Birthday to you--Happy Birthday to you--Happy Birthday Mrs. Quintana--Happy Birthday to you." These words were expressed by the third year Spanish class.

The Latin banquet was held at the home of Mark Krieg. As usual, the appropriate dress was a toga.

Boost to the Co-curricular Fund

"Say 'Hello' to the nice children, Flip."

To make possible the many enjoyable experiences in our world of co-curricular events, students contributed their time and excellent salesmanship to raise the necessary funds. Although all put forth a great effort, the Seniors, in particular, did themselves proud with their all-time high for the Senior Fish Fry and their new record for the magazine sales. The Sunshine girls also came through "brightly" with their candy sale returns. Through the efforts of the student body, Manchester's books remain well-balanced.

"Here we go again"

"Have a mint--please?"

Seniors anxiously anticipate their tasks.

Juniors Salute the Seniors

The Juniors gave their official farewell to the Class of '66 at the Junior-Senior All Night Party held April 29. The spectacular Teen-Tones provided music for the Bon Voyage Dance. Highlighting the evening of events were the hilarious antics of the five brave souls who were under the hypnotic spell of Mr. Gordon Ridenour. The movie, CAT ON A HOT TIN ROOF, climaxed the evening of fun and pleasure.

An Enjoyable Senior Excursion

Ready for a day of fun.

It was a dark and dreary Friday morning at 4:30, when the Seniors met to begin their excursion to the North. Three over-loaded buses made their way to Greenfield Village and the Henry Ford Museum, where everyone enjoyed the knowledge, history, and beauty to be found. Next on the journey was a visit to the Ford manufacturing complex where Falcons and Mustangs were assembled. Then the buses left the country and stopped in Windsor, Canada. That evening, all enjoyed a gourmet meal at the Kelarney Club and were entertained by dancing and a floor show. At 5:00 A.M. a group of weary Seniors and sponsors returned to M.H.S., closing an exciting day.

Bus trips aren't so bad!

Shall we?!

Men Who Make Decisions

The school year of 1965-66 was a first for V. A. Simmons as Superintendent of Schools. His face is by no means unfamiliar to M.H.S. students, however, because he served as principal of our school from 1959 until 1965. Because of this previous association and his present position as superintendent, Mr. Simmons is a vital and dedicated leader of Manchester High School.

PRINCIPAL KENNETH E. DUNNUCK

Kenneth E. Dunnuck came to M.H.S. as principal in 1965. Prior to this, he had been principal of Edwardsburg High School in Michigan. He received his advanced education at Purdue University, Manchester College, and Indiana University, completing it in 1958. This first year has been one of learning and administrating for Mr. Dunnuck.

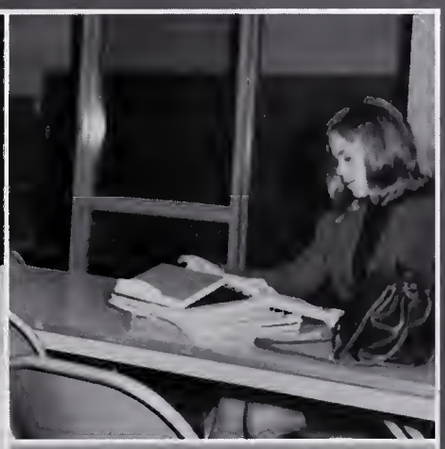
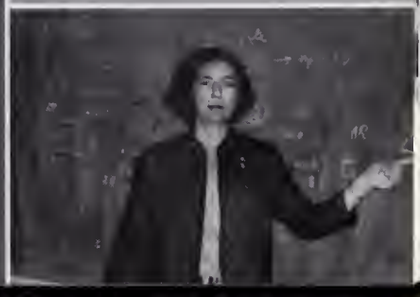
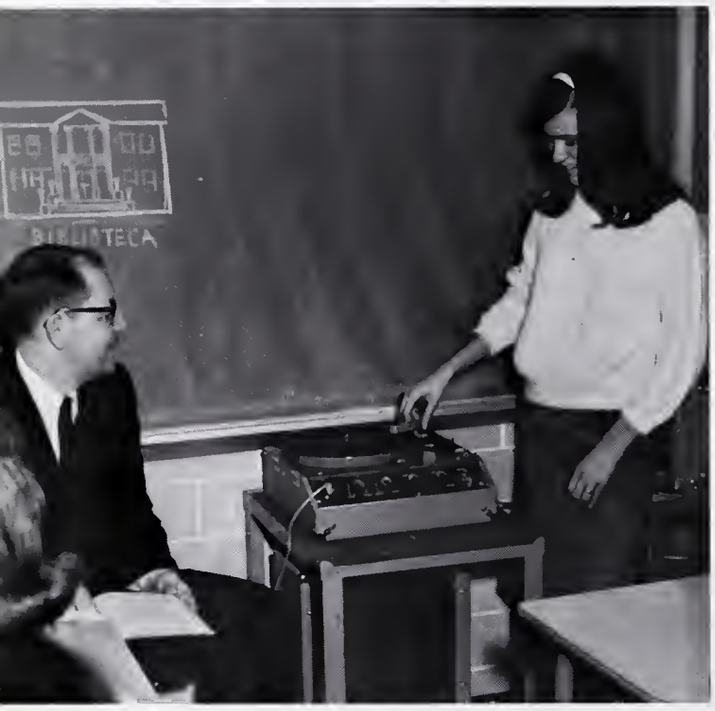
The World of Academics



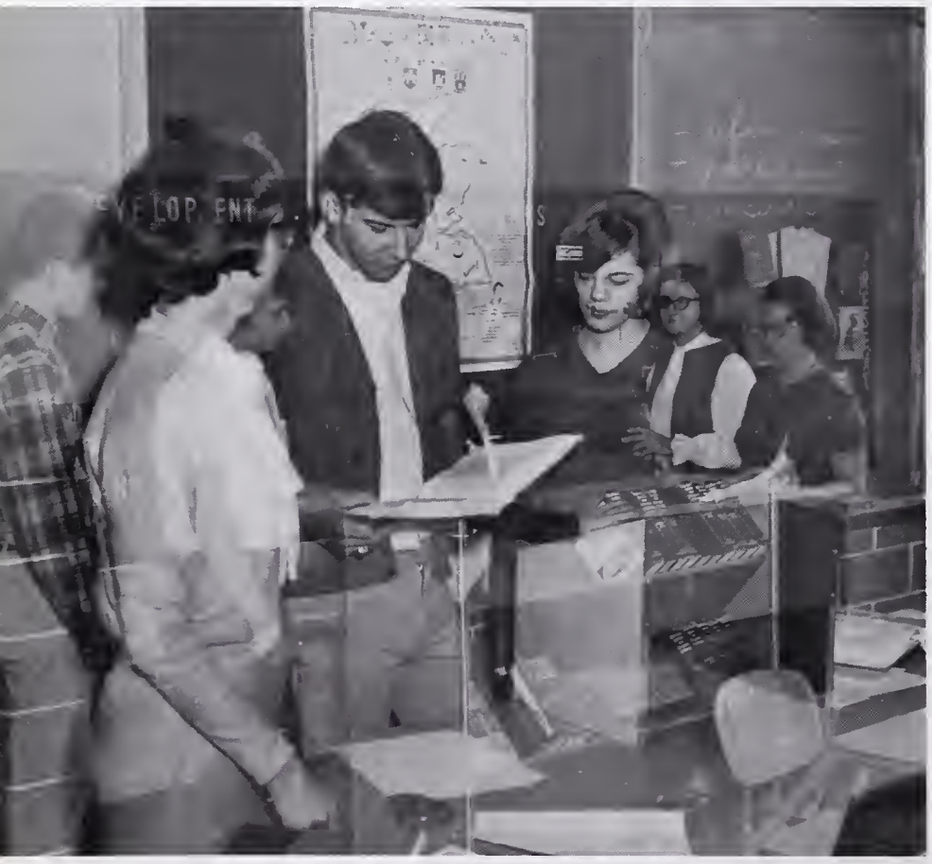


English Enriches Our Lives



Mr. Overholt's English 10 class listens to recorded poetry.

The Freshmen develop their reading skills under the direction of Mrs. Hill.

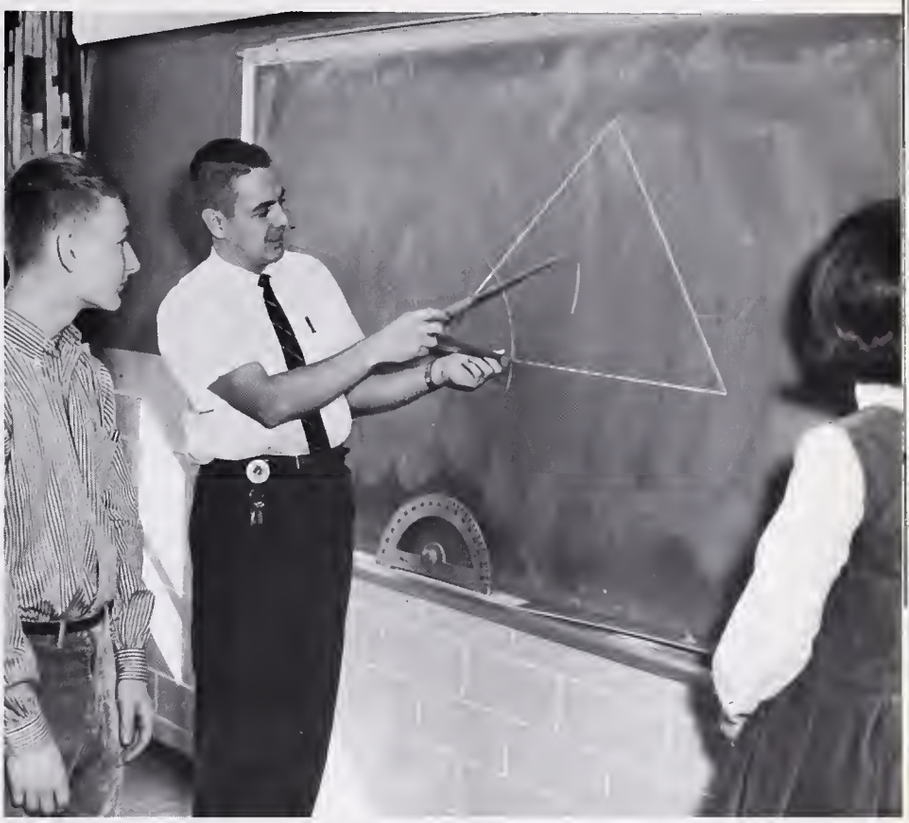


Crazy, mixed up English 11 and 12!

Three years of English are required at Manchester High School and a fourth year is offered. English nine is designed to help the students increase their abilities to communicate with other people more effectively. This is done by developing reading and speaking skills and increasing the student's knowledge of grammar and literature appreciation. During the sophomore year, basic English principles are reviewed and strengthened. Emphasis is put on the study of modern American literature, verbals, composition, speech and drama. Students in Junior English review grammatical principles and continually prepare oral projects. Two major projects are the preparation of a research paper and the study of American literature. The primary purpose of English 12 is to prepare the student for his college communication experiences. The majority of the work is centered around the background of English literature. Creative writing and speaking is stressed and an original oratory is required.

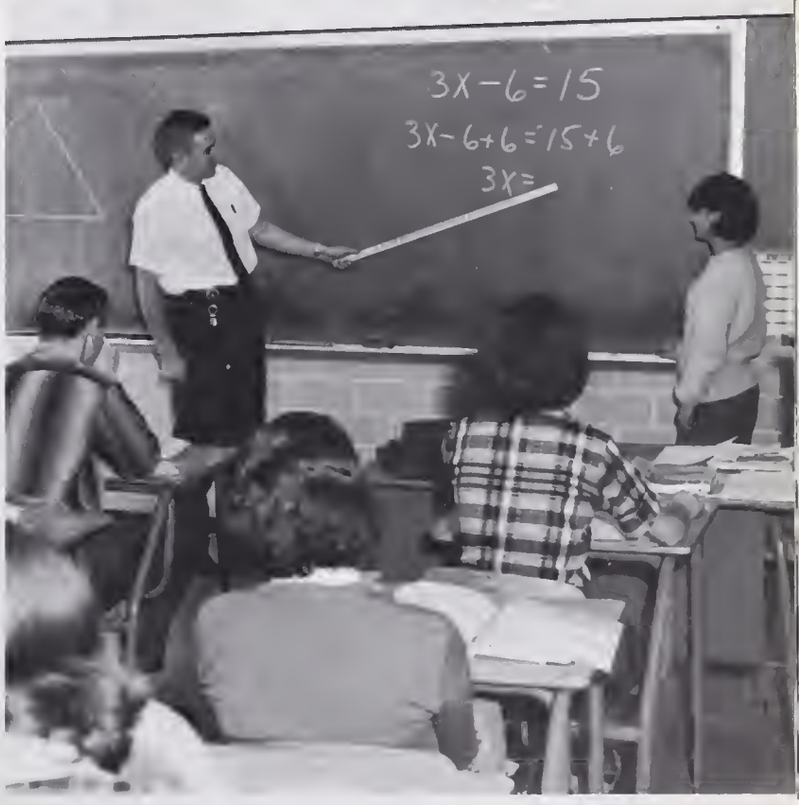
Teacher + Student + Study = Learning

General Mathematics is offered to students with the aim of increasing their skill in fundamental arithmetic, and developing their understanding of geometric principles that are used is everyday life. They make use of simple formulas, equations, ratios, and proportions. In Algebra I, Freshman increase their knowledge of the number system, and of formulas and their use. They work with graphs, ratios, proportions, variations, powers, square roots, and radicals. The Geometry student increases his ability in deductive reasoning through applying theorems and proofs. Algebra II extends the student's basic knowledge and skill of elementary Algebra. Formulas, functions, linear equations, factoring, fractions, exponents, and quadratic equations are studied. A basis for college Freshman math is formed in Senior Math. The first semester is spent in study of analytical geometry, and the second in sets, probability, and hypothesis testing.



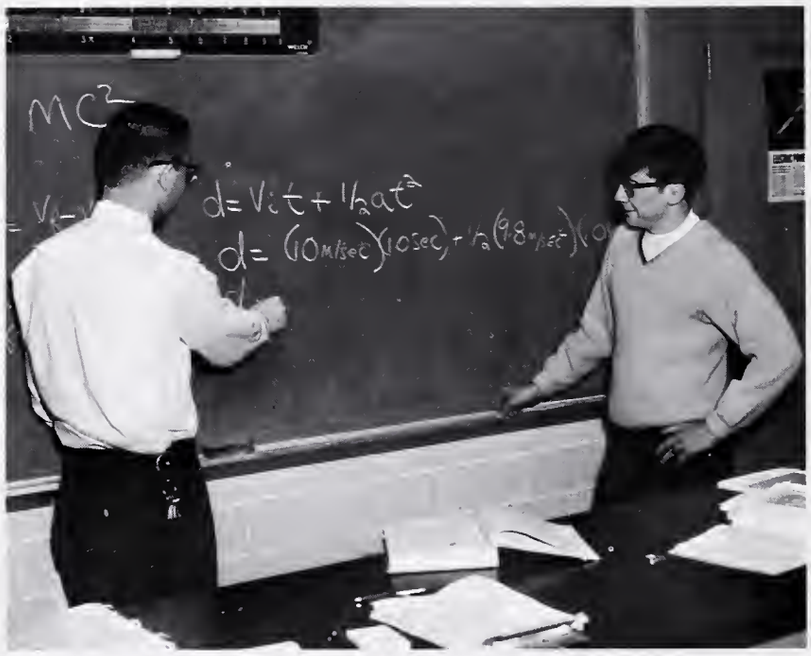
Ron and Jean watch intently as Mr. Miller demonstrates the perpendicular bisector of an angle.

Seniors ponder as Mr. Tower explains the Multinomial Theorem.



Mr. Miller shows how to solve a first degree equation.

The Fascinating World of Science



Jerry gives the impression of understanding, but does he really?

The biology and physical science program is designed to reflect the current world of scientific research and to prepare the student of today to meet the scientifically challenging world of tomorrow. In physical science, units such as earth science and astronomy are studied. Major emphasis is placed on the cellular level of biology by presenting the structure, chemistry, and reproduction of the living cell. The cell is used as an introduction and a link to the study of microorganisms, plant life, animal life, genetics, evolution, and ecology.

Students enrolled in chemistry and physics investigate physical phenomena that surrounds them in everyday living. They study chemical reactions, atomic structure, mechanics, optics, wave motion, electricity-magnetism and the universe at large. With this background the student is ready to meet the challenge of our scientific age.

Everyone laughs at poor Tib who fails at lifting a magnet.

Is Revealed to Inquiring Minds

Mr. Underwood shows Kevin and Steve how fun and easy frog disecting can be.

Bill and Randi demonstrate the usage of the centrifuge.

JoJoyce and Mr. Cottrell watch Karl as he messes with the oscilliscope.

Preparing for a World of Business

Now is the time for all good men to come to the aid of their country.

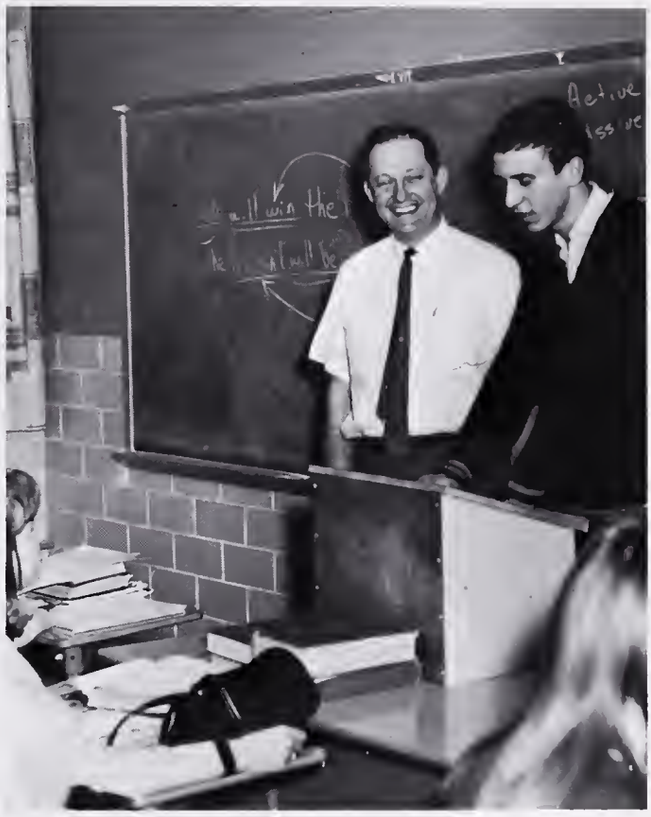
General Busines, offered to Freshmen and Sophomores, is designed to acquaint students with the basic principles of business, by covering all its areas lightly. Typing I is offered to develop a mastery of basic typewriting skills, and Typing II teaches the student the more complex skills used in a business office. Shorthand I, taken by Juniors and Seniors, puts emphasis on fluent reading and writing of shorthand taken from dictation. The speed is increased, and transcribing on the typewriter is practiced in Shorthand II. Bookkeeping I deals with personal bookkeeping, and Bookkeeping II with that of the proprietorship and partnership businesses. Clerical Recordkeeping is designed to give Juniors and Seniors basic understanding of the clerical jobs done in a business office. Business Law applies legal principles and practices to personal business situations. Office Practice gives the students an opportunity to use the various skills required of an office employee, while Clerical Practice is a general course with training for business jobs other than secretarial work. Business Law, Office Practice, and Clerical Practice, are offered to Seniors only.

Mrs. Holsinger checks up on Bernadette's work.

Faster! Faster! Faster!

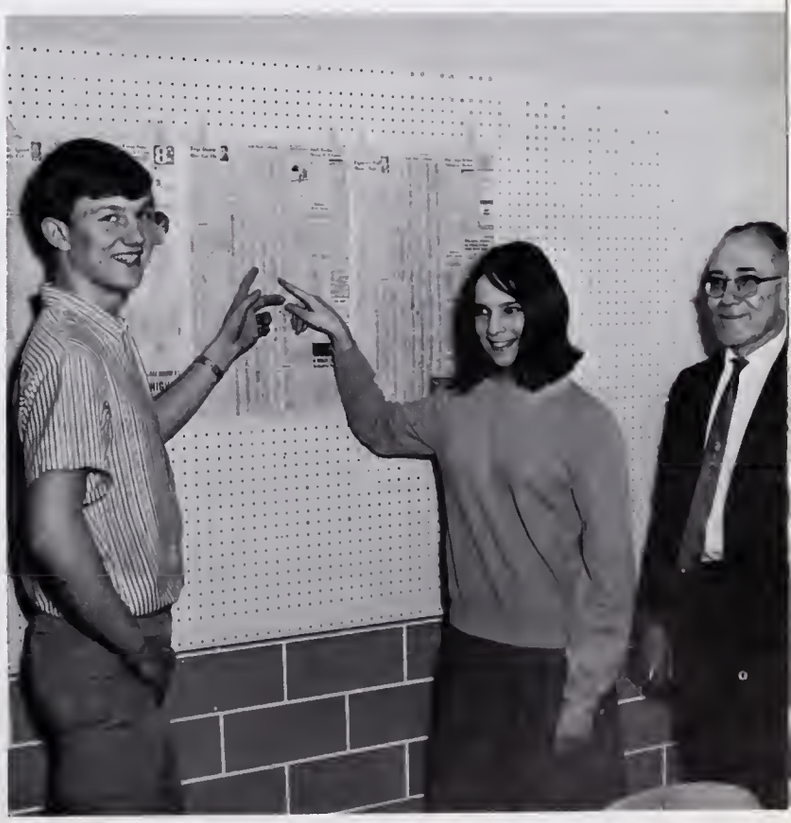
We Study Mind and Money

Psychology is a scientific study of behavior taught for one semester to Juniors and Seniors. It is of great value in helping students understand the problems of their own social and personal lives. Economics is a one semester elective offered to Seniors. It develops those skills of critical thinking and careful analysis which are necessary for participation in an economic system based on wise use of freedom and initiative. Students become acquainted with the various economic systems, and come to appreciate the accomplishments of our economic system in the United States today. Social Problems is a comprehensive study of the deficiencies of our Great Society, such as crime and poverty. It also includes the problems which face newcomers to our nation.



What's so funny about psychology?

2 social problems!



Right there it is--Russ Togs--our stock!

El Mundo Espanol—Le Monde

Mrs. Quintana helps Janet adjust her earphones.

Spanish students follow along in their books as Mrs. Quintana reads the lesson.

This year the French and Spanish students are aided in their study by the new language laboratories. Tapes are played through earphones controlled by the teacher. The students listen to conversations and answer questions, enabling them to hear themselves and recognize their mistakes. Records can also be played, and the teacher is able to listen and speak to each student separately.

The objective of Spanish I is to develop aural-oral skills by using sets of basic dialogue sentences. The second year of this course is devoted to the development of skills and habits of reading Spanish for comprehension. Spanish III further develops the students reading, speaking, and comprehending abilities, while increasing his vocabulary.

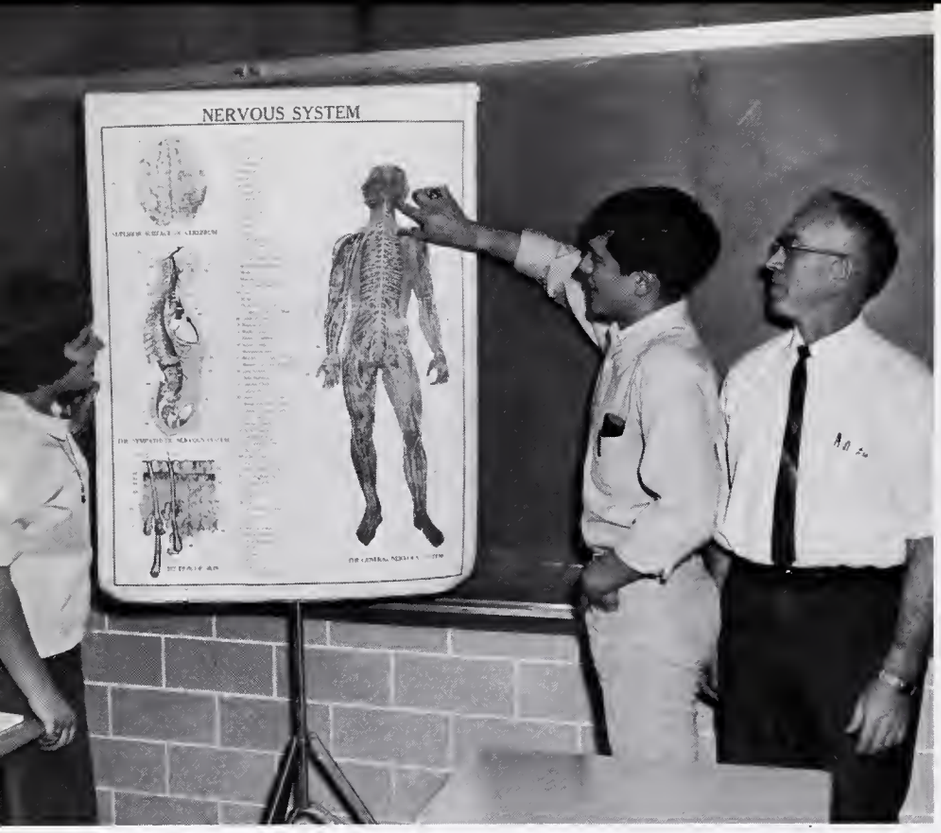
Francais—Mundus Latinus

Mr. Conrad displays a replica of the Parthenon which adds interest to the study of Latin.

Generally, Latin I offers the student an understanding of an inflected Language, and to enlarge and enrich in English vocabulary of the pupil. Specifically it develops the ability to read, comprehend, and translate Latin. Latin II helps the student pronounce Latin words, phrases, and sentences accurately and acquire a working knowledge of fundamental tools.

For many years French has been an almost standard subject in English-speaking schools; French and English are, after all, sister languages. Oral expression is the most important phase of communication. Techniques to learn French by oral practice, the laboratory, questionnaires, and supplementary materials are employed.

One way of checking homework in Mr. White's French I class is to write it on the board.

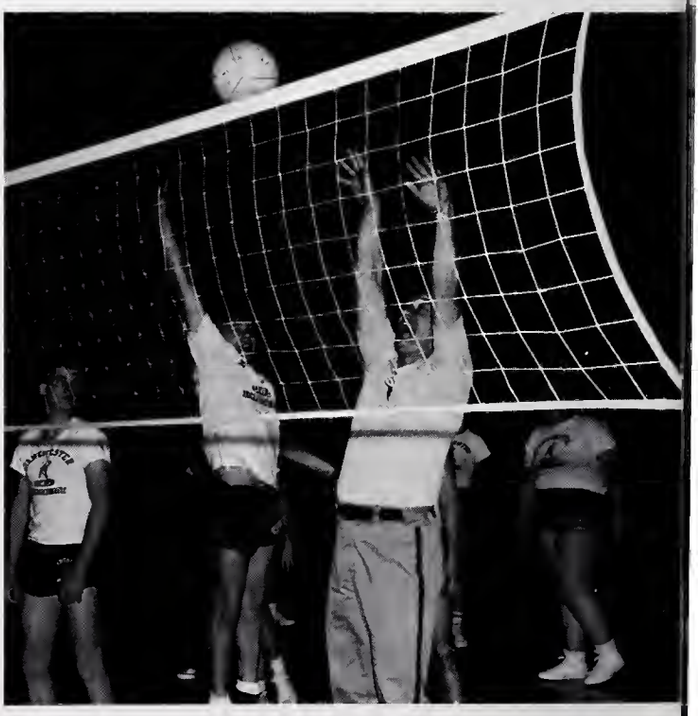


"Squish!"

One semester of physical education in both the Freshman and Sophomore year at Manchester High School is required. It is the intent of the department to provide the students with a variety of physical activities that will tend to produce full social and individual growth. Its objectives are to develop physical, recreational, social, and mental fitness. Advanced physical education is offered to students who wish to develop further their physical skills. They go into a more detailed study of sports, and are required to keep a notebook.

Health and Safety presents the student with information about anatomy, so that he understands the structure of his body, and physiology, so that he understands its function.

Learning to Be Physically Fit



Happy time in Phys. Ed. with Mr. Enyeart.

The balance beam, new to the physical education department, provides a new medium for gymnastic skills.

Driver's Training is offered to those students who are at least 15 1/2 years old. Part of the semester is spent in class, learning the rules and regulations of the roads and the mechanics of the automobile. The remainder is actual driving of the Driver's Training car, which gives the students valuable experience in maneuvering a car.

Orientation is a one semester class required of all Freshmen. It is designed to acquaint and familiarize them with high school life. They study different professions and take aptitude tests, enabling each student to choose the occupation for which he is most suited. They also study the reactions and emotions of the individual.

Retta and Mark point out mechanics of the Driver's Training car while Instructor Merritt looks on.

Preparing for Future Needs

Mr. Flora explains the aptitude tests to John.

Freshmen girl's Orientation class is assisted by Mrs. Eis.

These Juniors learn the fascinating art of interior decorating.

Home Economics is designed to help girls become better citizens by assuming responsibilities and to establish a wholesome attitude toward other people while acquiring useful skills. Freshmen learn the uses and care of kitchen equipment, home management, foods and nutrition, good grooming, and clothing and textiles. Sophomores study these areas further and also family health and home nursing. Juniors learn the necessary information needed in buying and furnishing a house. They also study economics and wise spending and saving of the family income. Seniors study further the areas in which they have been previously instructed, and add to their home economics training the areas of experimental cookery, family relations, and child development.

The Modern World of Homemaking

Learning to sew correctly is essential.

Mrs. Ringenberg is ready to test the results.

Beginning art provides an understanding of media, techniques, elements and principles of art while encouragement is given to the student for the promotion of his freedom of expression. Sketching from nature, figure drawing, still life study, and papier mache are some of the areas studied.

Commercial art develops the student's awareness of the vital role advertising plays in this world. They learn to recognize good techniques used in commercial advertising, while studying and practicing lettering. By making posters advertising school events, the class displays their usefulness to the student body and faculty.

Crafts is taken by more advanced art students. They work in ceramics, wood carving, jewelry-making, weaving, copper enameling, and mosaics. Not only does this class contribute to the interest in leisure time activities, but develops in the student an appreciation of utilitarian and decorative forms.

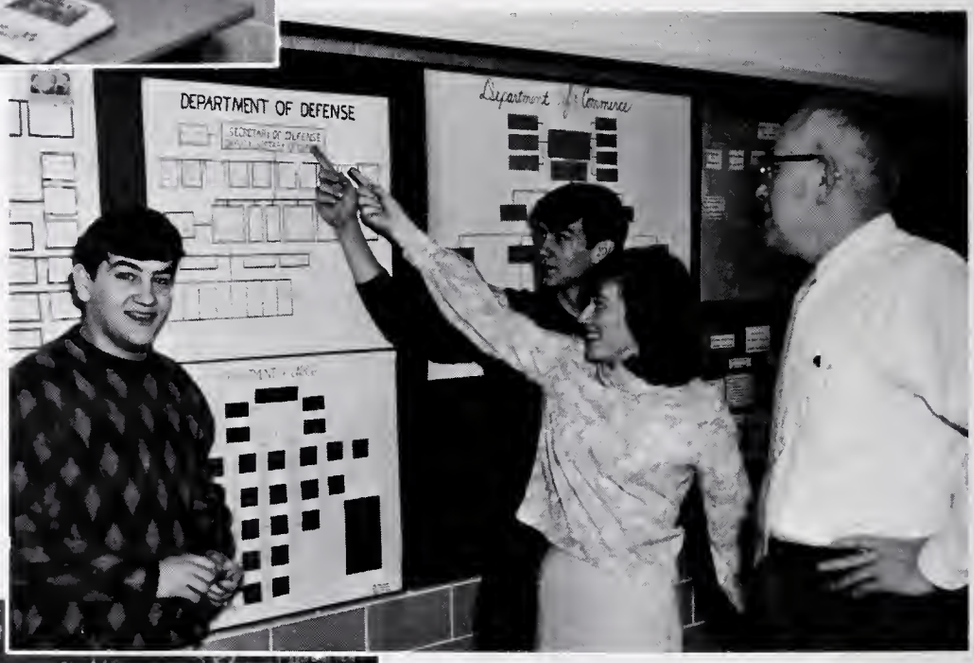
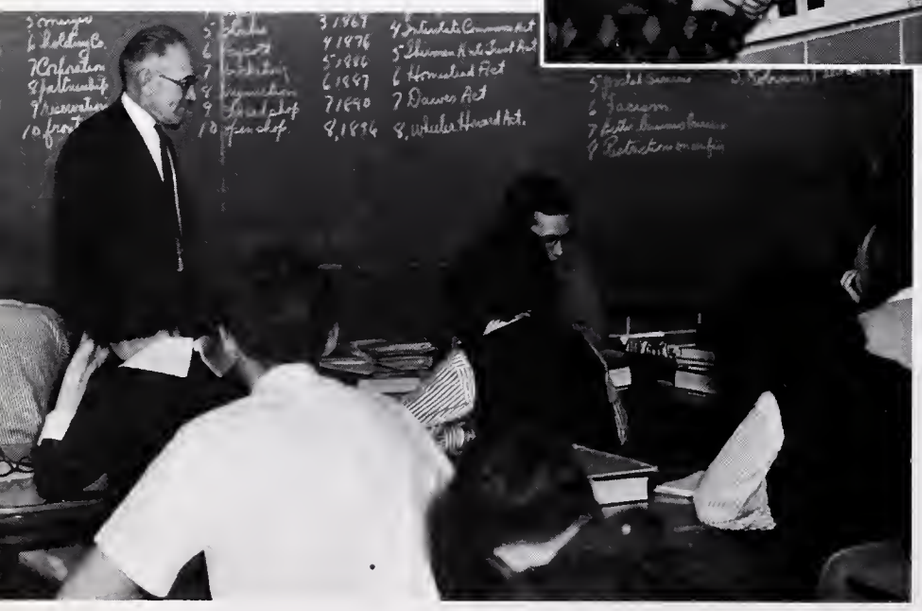
Our World from Its Beginning

New Mexico in the United States in the World in the Universe . . .

World History is a comprehensive study of mankind from prehistoric times to the present. The objectives are to develop an appreciation for our heritage and an understanding of the interdependence of peoples of the world. U.S. History develops in the Junior an appreciation of the growth of our nation from prerevolutionary days to the present, and an understanding of the varied forces that have created the American Nation. Government is the study of the origin, growth, organization, and powers of the U.S. Government. Fascism, Socialism, Communism, and Capitalism are also stressed as they relate to the various governments in existence in the world today.



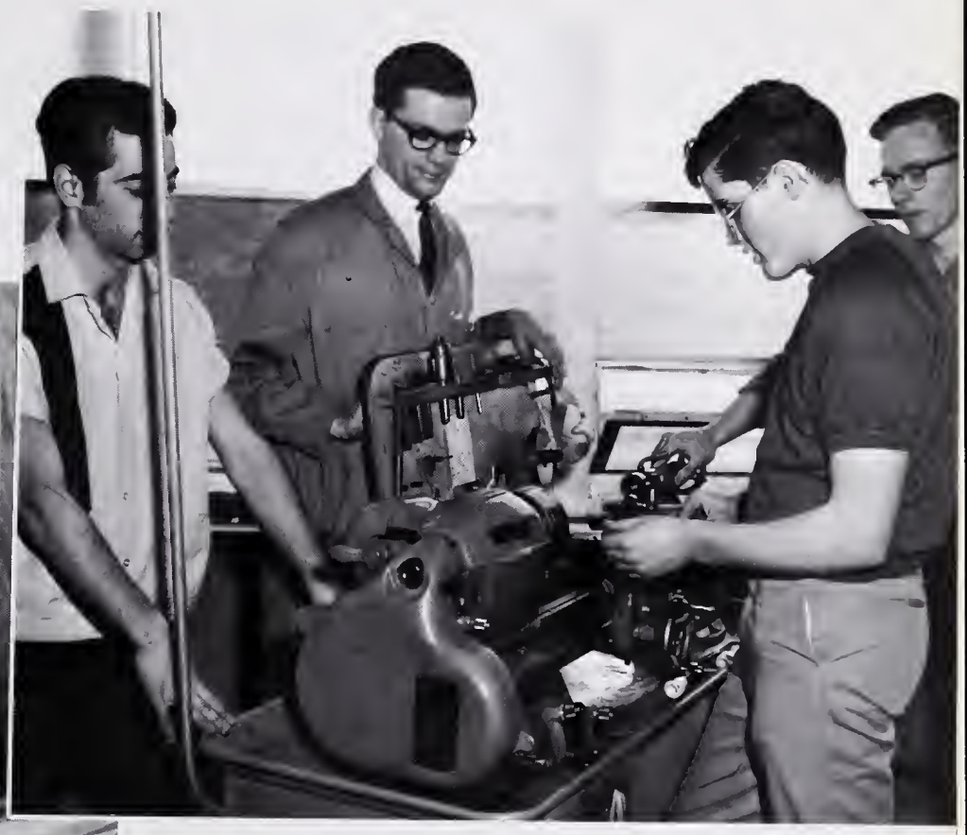
Tank, Sue, and Dave pose for Mr. Werking!



Testing is a vital part of learning.

Achieving Skills in Different Areas

Mr. Welty and Steve contemplate a drafting problem.



Mr. Hubbard watches as Dan works on the lathe.

The Freshman year of industrial arts consists of the study of the processes, materials, and tools used in the wood, metal, electrical, and graphic arts industries. Sophomores study woods the first semester and general metals the second. The Junior year offers the following choice of classes: power and transportation, electricity, advanced metals, and advanced woods. Seniors are instructed in technical drafting.

The purpose of the Vocational Agriculture Department is to give the students the best possible experience available in all areas of agriculture. The courses are aimed at a complete education in crop raising, and many other areas that are vital for an Agricultural Career.

The World of Clubs

To Honor Outstanding Students

Students qualifying for membership in Quill and Scroll must be juniors or seniors and in the upper third of their class. They must have done superior work in some phase of journalism or school publications work, such as in writing, editing, business management, or production. The students are recommended for membership by their sponsor.

National Honor Society members are chosen by the faculty for their outstanding qualities in leadership, citizenship, scholarship, and service. The purpose of this club is to honor students who possess these qualities. Membership is limited to a certain percentage of the sophomores, junior, and senior classes.

STUDENT COUNCIL OFFICERS--Sandy Sands, Treas.; Janet Haupert, Sec.; Robin Gratz, Pres.; Reed Gratz, Rep.; Bruce Frantz, V. Pres.

The purpose of the Manchester High School Student Council is to represent the student body. It is a system composed of a representative from each home room and the class presidents. They form a democratic school government by presenting the students' interests to the administration. Student Council has organized an inspection of lockers, revised the handbook, Top Hat, and opened the snack bar for students who work after school, and sponsored the annual MHS Homecoming.

The aims of the National Thespians Society are two-fold: the first is to establish and promote standards of excellence in all phases of the Dramatic Arts; the second aim is to create an active and intelligent interest in Drama among the students. The society stresses participation in the arts as a means of teaching youth appreciation of the cultural progress of the theatre, radio, motion pictures, and television.

Drama Club was formed in order to present plays, skits, and musicals to the school and community as well as to give pupils experience through acting and performing in front of an audience.

Develop Our Talents and Interests

To help beginning "orators" develop speaking ability and poise is one goal of Speech Club. They actively traveled throughout northern Indiana, from Speedway to Howe. Speeches illustrate poetry reading, humorous, dramatic, and oratorical interpretation.

Some wrote original speeches for original and extemporaneous entries. Extemporaneous speakers are given an hour to prepare a speech on a current event.

Several students also participate in service projects by giving speeches before community clubs and by introducing speakers for convocations.

Teachers To Be

FTA Officers: Sue Mason--Reporter, Connie Howard--Sec.-Treas., Kathy Howard--V. Pres., Becky Weitzel--Pres.

The FTA, Future Teachers of America, provides an opportunity for students to explore the field of teaching as a potential career. Projects of the FTA are: helping with Open House during American Education Week, preparing a picture file in the library, and assisting teachers by typing and grading papers. Junior and Senior members look forward to observing elementary and junior high classes. Members accumulate points for awards by vocational exploration, experience in communications, and acts of leadership and service.

"Learning to do
Doing to learn
Earning to live
Living to serve"

This is the motto of the Future Farmers of America. During the year the club was engaged in the extra-curricular basketball activities and selling garden seeds. They also sponsored a Son and Parent Banquet and a Sweetheart Dance in the spring. In the summer they plan a trip to the East coast; they financed the trip themselves. Mr. Sparrow is the sponsor.

Tri-Sci, Manchester's newly named science club, is for those interested in further study of the three science courses offered at our school; biology, chemistry, and physics. Mr. Cottrell and Mr. Underwood, sponsor and co-sponsor of Tri-Sci, have presented several interesting films at club meetings, and have also made plans for three or four field trips, including an all day trip at the end of the year available only to seniors. Tri-Sci members assisted with the Elementary Science Fair at the Junior High School.

Aerospace is devoted to further study in the field of air travel. Plans included a convocation and a field trip.

Radio Club was founded to help its members obtain amateur operators licenses. As the club owns its own equipment it is possible to give instructions in practical electronics. The club is now promoting the establishment of MHS FM radio station.

This year's Math Club, aside from capturing the intramural basketball championship, did research in the field of Mathematics. Mathematical games were the prime entertainment for the meetings. Mr. Tower replaced Mr. Ridenour at the end of the first semester. Mr. Ridenour had been Math Club's sponsor for the last 3 1/2 years.

Spanish Club enables students to come to know and enjoy the culture and customs of Spanish-speaking countries. One way this is done is by meeting and talking with representatives of these lands. Also the annual fiesta acquaints members with Spanish and Latin American food, and offers an evening of fun and entertainment.

Latin Club, in its own small way, offers an outlet for modern "Latins", with emphasis on the Roman world and language from which we have borrowed. Part of the program includes posters, movies for the public, and to climax the year, a banquet.

Francais, and Future Nursing

The newly formed Future Nurses' Club brings together students interested in nursing or health careers. Together they explore opportunities and requirements in these fields to learn about the community life in which they soon will participate as informed citizens. The students volunteer their services as Candy Stripers at Wabash County Hospital. Also, the club sponsored a Health Career Day which presented to Seniors, ideas of future occupations in medicine. Included in this day, was an all school convocation featuring speakers and films on cancer. One of the club's highlights was an excursion to Elkhart University, Miles Laboratory, and South Bend School of Nursing and Hospital.

THE SCROLL, the school newspaper, presents news to the student body and faculty. It provides them with a permanent record of the events of the school year. It also gives to those interested in journalism the opportunity to share their talents. THE SCROLL contains a current events column with an open invitation to comment, news from all clubs, and one page devoted to sports. THE SCROLL staff consists of an Editor, a Jr. Editor, and News, Feature, and Sports Editors. Each of these department heads has a number of students who serve as reporters and write many of the articles.

The objective of the Crest staff is to recapture the "goings-on" and memories which have given life to this school year, making it, we think, the best in our history.

Each of the Crest's committees has undertaken its important role in the orderly collection of fascinating and illuminating pictures and copy concerning the informal life of our student body and faculty. Our goals make each new edition of the Crest a milestone in the story of Manchester High School.

Co-editors, copy writers, business staff members--we can thank them for assembling and organizing the yearbook, in short for making "Within Our World" a fitting chapter and the "Crest" a proud product.

The Key Club, a junior branch of the Kiwanis Club, was organized to promote leadership. The Key Club has proven itself as a service club to our community. Throughout the year many needed and worthwhile projects have been undertaken. Some examples are the movies put on in the high school gym, the collection of food for needy families during the Christmas season, and sponsoring the Teen Canteen. The club includes members from the sophomore, junior, and senior class and is led by officers and a board of directors.

Manchester High School Cheerblock and Cheerleaders

The world-reknown cheerblock choir preform at pop session.

The purpose of Cheerblock is to create school and team spirit. All high school girls are eligible to join, and must meet minimum requirements to remain members. This year the cheerblock has worked on new.yells, hand motions, letters, and songs. The cheerleaders and co-chairmen wrote a handbook of all new yells, songs, and the rules of cheerblock.

Believe it or not--we won! They're just modest.

In 1965, MHS football fans saw the Squires develop into the best team ever at Manchester. The team compiled a 7-2 record and ended the season on a six game winning streak. Eberhard Piehl made his debut on the varsity squad at Warsaw, and stunned everyone with his long soccer kicks. The Squires defeated the Tigers--for the first time in MHS history. The greatest win was over rival Wabash. Along with these victories, the Squires finished in a tie for second in the Northern Lakes Conference. Climaxing the tremendous season was the NLC Banquet where Jerry Holderman, Robin Gratz, and Ronnie Felabom were named to the All-Conference team.

Wrestling spirit ran high as the Squires racked up the most impressive record in the school's history. Our matmen compiled a 10-3-1 record in dual matches and captured the championship in the Machester Inviational. Runner-up honors by Dana Carpenter and Bill Bumgardner led the squad to a third place in the Elkhart Sectional. Dana completed the dual season undefeated and will return next year along with seven other starters from out outstanding 1965-66 wrestling team.

The Squires began the 1965-66 season with only two starters from last year's squad--co-captains Jerry Holderman and Kendall Pitts. Early in the season the team began to show they were a strong team. The best example of this strength was that during the season 9 of the 12 players started a game. This team was not a team of individuals--it was one formed by teamwork.

One of the highlights of the season was the victory over the undefeated Golden Eagles of Oak Hill. Another night the Squires gave Peru a sound trouncing. Although defeated in the first game of the 4-Way, the team avenged an earlier loss by downing Wabash in the consolation game.

The peak of the season came at Sectional time. The Squires played three of their best games when they were needed the most. For the third year in a row MHS gained the title Sectional Champs.

Sports Minded Girls Join G.A.A.

The G.A.A. offers girls fun and exercise by sponsoring athletic games and activities. On Monday evenings after school the girls participate in organized games, such as basketball, badminton, and tennis. Others work out on the trampoline, balance beam, and mats.

The girls keep points on organized and unorganized sports, which entitle them to a membership pin after the first year, and possibly a state award after four years of membership. This spring, Sue Mason, Linda Frieden, and Joy Crumley were awarded state plaques after earning 350 points.

In March the girls went to a gymnastic meet at Ball State University. It was an interesting day.

I'M trying for the next "Superman" series!

G.A.A. girls travel to State Gymnastic Meet.

Linda Hall was a contestant at the meet.

In Memory

Linda Ann Figert
1950-1965

We cannot think of them as dead
Who walk with us no more.
Along the path of life we tread
They have but gone before.

Ours are they by an ownership
Nor time nor death can free.
For God hath given to love, to keep
Its own eternally.

For the class of 1966 the past four years have been ones of work and fun. We have met many challenges and will not forget the thrills our successes have brought. The value and potential of our scholars is unlimited. Our athletes have been a vital part of three sectional victories. Our class has secured victories in Magazine Sales, Senior Fish Fry, and Homecoming events. As we graduate and leave, going in all directions, our memories will bring us back in spirit to Manchester High School.

Don,
To a real nice kid,
Lots of luck in
the future!
Becky S.

Don,
Have lots of fun
and excitement in the future.
You are a real swell guy.
Jan "64"

Don,
You're a nice
kid! Stay that
way!
Janice
